

WAIM's

Partners in Independence Program is recruiting new MENTORS!

Our trained volunteer Mentors are matched with adults seeking greater stability and independence in their lives (eg. gaining employment, returning to school, committing to self-care, finding suitable housing, establishing a budget...)

Mentors ...

- ❖ **develop rich, supportive, respectful relationships with their learning partners,**
- ❖ **support specific, actionable goals established together with their learning partner,**
- ❖ **help their learning partners celebrate successes and grow from their challenges,**

Please contact Merle Potchinsky, hsmanager@waimct.org or 860-456-7270 x106 to learn more about and become a part of this unique program.

“You had faith in me and that gave me faith. You never gave up on me.”

– PIP Learning Partner
